About SilverTrek

The word "Luxury" is not often associated with a trailer, but SilverTrek is not your everyday trailer. Designed from the ground up to exceed the expectations of even the most discriminating buyer, SilverTrek has arrived and is in a class all by itself.

Luxury, NOUN:

1. Something inessential but conducive to pleasure and comfort.
2. Something expensive or hard to obtain.

Every SilverTrek is custom-built to your exact details, nothing is overlooked. The ordering process begins with the consultative approach, whereby you will work along side factory representatives and engineers to establish a trailer that not only fits your needs, but matches your lifestyle.

Take a good look at the SilverTrek line-up. They look great in photos, but you really have to see one in person to fully appreciate the painstaking passion that goes into each and every one of our trailers
