

This custom built mobile workshop/ command center/ and power station was built to quickly take charge and restore a disaster, fire or flooded home or business. The following equipment is a partial list of what was or could be installed in your trailer.

POWER: 40KW 120/240 Volt diesel PowerTech Generator. This gen set is large enough to power up the command center and workshop; provide exterior quartz lighting; and enough emergency power for most homes and small business units.

ON BOARD EQUIPMENT: Hot - cold water system, restroom, sonic cleaner and dryer, water pumps, lighting, wireless phones and computers , power distribution.

TRAILER CONSTRUCTION: The trailer was custom designed and built by ATC with all aluminum tubular construction, screw less aluminum walls and exterior, fully insulated, heated water tanks, aluminum cabinets, tool cabinets and drawers, commercial rubber flooring, torsion axles, ramp and access doors, aluminum wheels and more.
