

What does a youth outreach ministry need a trailer for? Ask Buddy Calzada of Ft. Worth Metro Ministries and he'll tell you that real outreach happens when you go out into the neighborhoods. For years Buddy along with his wife Ruth and 2 children have passionately gone out in an older truck to meet children and families. With gracious gifts from their supporters we helped Buddy & Ruth design a custom built mobile stage trailer to enhance their ability to meet many more families. Whether Buddy's family is entertaining, engaging people, teaching, building into lives, passing out gifts, or presenting the Gospel of Hope for changing lives, we are blessed to be a small part of Ft Worth Metro Ministries.
