

This precision engineered all-aluminum ATC Stacker is perfect for those who need more hauling space. Featuring an all-aluminum hydraulic lift and frame that are both lightweight and durable to allow for a smooth, carefree ride behind any R.V. coach or truck. Additional storage space is available in the "attic" on the second level that is large enough to accommodate an ATV or motorcycle. This stacker trailer also provides cabinet space in the wedge nose for even more storage. If your looking for a trailer that can handle all of your hauling needs, then the ATC Stacker is the right choice for you!
